

When you register your Kindle Fire, you'll automatically be assigned a Send-to-Kindle e-mail address. To locate this address:

1. From the Home screen, tap the Quick Settings icon.
2. Tap My Account.
3. Your Send To Kindle email address, [name]@kindle.com, is listed under the register user's name.

## Kindle Personal Documents Service Fees

Kindle Personal Documents Service doesn't charge fees for delivery of personal documents to Kindle devices over Wi-Fi or to supported Kindle reading applications. To learn more about fees for the Kindle Personal Documents Service using Whispernet, the wireless connection method used on some Kindle models, go to <http://www.amazon.com/kindlepersonaldocuments>.

## Supported File Types

Kindle Fire supports multiple file types that are free of digital rights management software. These types of files may be transferred to your Kindle Fire via USB:

- **Documents:** AZW, TXT,PDF, MOBI, PRC, DOC, DOCX
- **Audio supported within Music:** MP3, Non-DRM AAC (.m4a), MIDI, OGG, WAV
- **Images:** JPEG, GIF, PNG, BMP
- **Video:** MP4, VP8

Mobipocket files that have Digital Rights Management (DRM) protection applied are unable to read on your Kindle Fire. If you purchased a Mobipocket file from a Mobipocket retailer, you will not be able to open the file on your Kindle Fire.

EPUB ebooks are not supported on Kindle Fire.

You can add any of the listed documents file types to your Kindle Fire. If your file type is not listed above, you will need to convert it to a supported file type in order to access it on your Kindle Fire. To learn more, go to <http://www.amazon.com/kindlepersonaldocuments>.
